DEDICATION

We, the students and faculty, dedicate this yearbook to the principal of Arthur Eddy Junior High School, Mr. William R. McMullin, for his help and loyal service to the school.

Our second group who has reached the top at Arthur Eddy Junior High and now will move on to new friends, new challenges. Ninth graders who can remember when they were obviously seventh graders just beginning their junior high school work.

Ninth graders, as you leave Arthur Eddy for senior high school, we shall miss you from time to time because of the many fine things you have done to make our school life complete-now that you are leaving. Our best wishes and God speed to all of you.

Mr. William R. McMullin
Principal

I would like to take this opportunity to thank each and every person connected with Arthur Eddy Junior High for our pleasant association this pass school year.

We will miss all our ninth graders who are leaving us for high school. Best wishes for continued success in the next step of your education.

It is hoped that in the future we will all remember, with pride and joy, our wonderful years at Arthur Eddy Junior High School.

Mr. Robert H. Speer
Assistant Principal

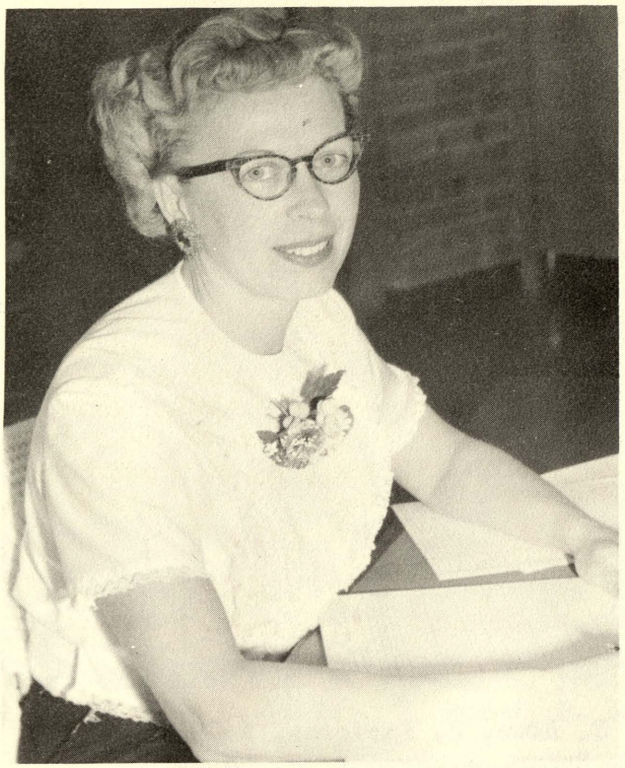
It has been an enjoyable experience for me working with you boys and girls. You came to Arthur Eddy immature seventh graders and most of you have grown and matured into young ladies and gentlemen, that we here at Eddy can be proud.

I wish you continued growth and success in what ever you attempt to do.

No doubt there have been times when you felt like the boy who complained to his father that the teacher was trying to confuse him and didn't know what she was talking about. The father asked the son what he meant and the son replied, "Day before yesterday she said five and five are ten. Yesterday she said six and four are ten. Today she said seven and three are ten and I don't think she knows what makes ten."

If I were to give you advice for the future it would be: "listen to what's being said, think about it, and then act accordingly."

Mrs. Josephine McDunnell
Counseling and Guidance



We are deeply greatful for all the kind understanding help given to our students by our Secretary, Mrs. Keith Bird. She always has a pleasant word for everybody.

FRENCH

The objectives of a first year French class is to be able to speak in a conversational tone. This means the student must know many polite phrases, be able to ask ordinary conversational questions, give directions, tell time, count, describe and know a sufficient amount of vocabulary.

From the French class we have organized a club. The club sang French carols in the hall during Christmas week. The club also performed a short skit for the P.T.A.'s March meeting.

SHOP

This year the boys in drawing classes have been drawing orthographic, oblique, isometric, and perspective. They have also done some architectural drawing.

The boys in metal shop have been busy making the following projects: mail boxes, hammers, chisels, utility boxes, small tool boxes, punches, waste baskets, and napkin holders.

In the wood shop they have been busy making a variety of different wood shelves, lamps, and a number of small projects.

LIBRARY

This year we had both eighth and ninth graders working in the library. The girls were chosen mainly on character; of course scholarship was important, too.

The girls work in teams of two every other month during the morning or evening "rush-shift." Their job is to record all books taken out, write "over-due" slips, keep the books in order on the shelves, and help students find books through the use of the card catalog.

AUDITORIUM

During the past school year the auditorium classes have learned how to speak correctly, use gestures, sound out words, and what part we use to make what sound. They have given plays; practicing the proper speech and gestures, read poems and taken current events from the newspaper. They have also learned to conduct meetings and interviews.

HOMEMAKING

The homemaking department has been very active during the past year. During the second semester all classes in Mrs. Donovan's room have been sewing. The seventh graders made some attractive skirts, the eighth graders a vest, a skirt, and a blouse. The ninth graders made shirtwaist dresses.

In Miss Epp's room, homemaking seven, has been busy studying and preparing various kinds of breakfast foods. They concluded their unit with a breakfast menu of their choice. Homemaking eight has been studying lunches and making many kinds of lucheon delights.

ART

The art students have been working on International Art Pictures for the Red Cross to be displayed throughout the United States and other countries. The outstanding art scenes of school and community life were selected and displayed in local store windows.

The following outstanding ninth grade students have had their oil painting displayed in the show case: Arthur Carswell, Art Fulgencio, Mike McNair, Joe Comero, and Miles Gabrish.

The following girls have done outstanding work in cloth prints: Sharon Yaw, Mary Garcia, Sandra Rowe, Thelma Moten, Ruth Donald, and Dorothy Shields.

BAND

The Arthur Eddy School Band plays an important role in school functions and activities, by participating in assemblies and athletic events; as well as presenting Concerts for the student body and the public.

ORCHESTRA

The Arthur Eddy School Orchestra is an organization composed of musically outstanding students. It rehearses daily and presents Concerts during the school year for the student body and the public.

FACULTY TEAM

On February 5, the Arthur Eddy Faculty played the Junior Basketball Team. The faculty won, 41-21. The outstanding players on the faculty team were; Mr. Tivis with 8 points, and Mr. Speer with 8 points. William Anderson and Hosea Donald scored high for the Junior's.

The Senior's played the faculty February 26. The score was 41-34 in favor of the faculty. Faculty members playing were: Messrs. Porterfield, Speer, Tivis, Brussow, Garcia, Barnett, Haremski, and Anderson. Mr. Brussow was high scorer for the faculty. Willie Smith high scorer for the Senior's.

P.T.A.

The Arthur Eddy Junior High School P.T.A. meets the fourth Wednesday of each calendar month at 7:30 p.m. Officers are: President, Mrs. Magnolia Howell; Father Vice-President, Rev. John Clark; Mother Vice-President, Mrs. Annie Key; Teacher Vice-President, Mr. Art Anderson; Recording Secretary, Mrs. Sania Carruth; Corresponding Secretary, Mrs. Margaret Eddington; Historian, Mrs. Mary Hall; and Treasure, Rev. Alfred Robbins.

CIVICS

In civics we studied Michigan, Saginaw, Indians, and Economics. The students worked on buildings, and drawings of maps. The maps were built up with plaster, salt and flour. The boys working on these maps were: M.C. Mason, Arthur Harris, Willis Henderson, Jerome Enriquez, and Robert Poineau.

We also studied Lumbering, Michigan Outdoors, the War of 1812, and Folklore. Some of the students made pictures and scrapbooks.

TYPING

This course is elected by ninth graders and a few B average eighth graders. First, you must learn the keyboard. After practicing this, we learned to type business letters, reports with uniform spacing between columns, enevolpes, compositions, booklets, and manuscripts. We have also taken one, five, ten and fifteen minute time tests.
